

## **Procedures for the Detection and Prevention of Unauthorized and Prohibited Waste – Course #0341**

This is an 8-hour course designed for all personnel involved in waste acceptance, waste screening and load inspections as well as sales personnel, environmental compliance staff, supervisors, and scale house staff.

Topics include the following:

- Definition of Solid Waste – 30 TAC 330.3(145);
- General Prohibitions – 30 TAC 330.15(e);
- Definition of Hazardous Waste – 40 CFR 261;
- Solid Waste in Texas;
- Special Waste and Issues related to Special Waste;
- Random Screening;
- Training and Documentation requirements.

This list is not inclusive of all topics covered.

Those who have a MSW license will receive 8 hours of CEUs which can be used to renew their license.

All OCG MSW Course Instructors are former TCEQ employees and provide a unique perspective on obtaining and maintaining compliance with the facility's permit as well as rules and regulations.
